Bid Specification

Unit construction offers stainless steel top, sides, and door liner with an aluminized steel oven liner and stainless steel door liner. The unit is insulated on all sides. Oven compartments has two ceramic phosphate decks 16 ½" x 16 ½" which are removable to allow for easy cleaning. Decks are 3-1/2" apart. Oven's thermostat range is 300F– 500F and includes a 15 minute timer. Thermostat controls three sheath-type electric elements. The locations of the three elements are: one under each deck and one at the inside top of the oven

**Countertop Deck Oven**
