

Why choose the BakeMax[®] Pizza Sheeter?

- We are a value driven and customer service orientated company in every way possible.
- We offer free freight to the dealer's door.
- We handle any freight damage claims ourselves. (This frees the dealer to not have to waste time with damage claims and allows us to continue selling them our BakeMax[®] products while the claim is being processed on our end.)
- We offer drop shipment programs and tailgate deliveries with a small charge.
- We supply tracking numbers to the dealers for freight shipments within hours of the goods leaving our warehouse.
- We offer a money back quality satisfaction 30 day product guarantee!
- We offer one year parts and labor warranty.
- We offer 24/7/365 technical support for warranty or parts.
- We offer customer service support to the dealer or the dealer's client on technical issues they may have on any of our BakeMax[®] products.
- We have extensive back ground and experience on pizza and bakery production equipment for retail Operations.
- We seek to offer the lowest prices possible while maintaining quality equipment.

News & Information BLAST

The BakeMax[®] Pizza Sheeter

The BakeMax Pizza Sheeter (Model BMPS001) is a heavy duty machine that is capable of sheeting 20" Pizzas with an output of up to 600 pizzas per hour.

Called the "Cadillac" of Pizza Sheeters due to its ability to sheet large pieces of dough in short amount of time, the BMPS001 features two pass action with non-stick rollers that are easily adjustable giving you a varied option of thickness for your final product.

The BMPS001 also has an easy liftback cover system which will save time in clean up and provides immediate access to all the rollers in the machine.

The power outfeed belt ensures your product comes out the same way each time and makes this machine just as convenient when using smaller pieces of dough as well.

Great for sheeting Pizza Dough, Pie Crusts and Roti, this is the "Cadillac" of a Pizza sheeter that will fit all of your dough sheeting needs!
