Built-In Thermal Shelves

TS-24B, TS-36B, TS-48B, TS-60B, TS-72B

Ideal for baked goods, plate warming, buffet line service, sauces and syrups, pizza, hot sandwiches, and more.

Standard Features

- Heavy-duty aluminum alloy and stainless steel construction
- Remote infinitely adjustable heat control
- Pilot light
- 6-foot cordset
- Special lengths and widths available (consult factory)

Merco Built-In Thermal Shelves are manufactured from heavy-gauge aluminum alloy specifically selected for even heat transfer. Stainless steel work surface for easy clean up. The units are heliarc welded for strength and rust-free long life. The insulated heat cable base combined with the infinitely adjustable heat control lets you "dial-in" precise warming for any requirement.

Merco Built-In Thermal Shelves are an efficient addition to any foodservice operation and they can be combined with Merco Overhead Food Warmers to add gentle, yet thorough, top warming where desired.

Electrical Requirements

All models available in 120, 208 or 240 VAC, single phase AC only.

Options & Accessories

Special lengths and/or widths available (consult factory)

Important Information

Standard Units:

- 18" width with 1" flange and 3/8" turndown (mounted on TS-24B, 36B, 48B, 60B or 72B)
- Remote infinitely adjustable heat control (mounted on 6-foot cord exiting bottom-right)

Note: Add 2" to Thermal Shelf length and width to determine overall size (e.g., TS-48B overall size is 50" x 20"). Counter cut-out is 0.5" larger than base (not overall length).

Merco Guarantee

Ninety (90) day warranty on labor, one (1) year on parts from date of purchase.
