

Thermal Shelves

TS-24, 36, 48, 60, 72

Ideal for baked goods, plate warming, buffet line service, sauces, syrups, pizza, hot sandwiches, and more.

Model TS-48 Shown

Standard Features

- Constructed from specially selected, heavy-duty aluminum alloys
- Infinitely adjustable heat control with pilot light
- Non-slip rubber feet
- 6-foot cordset
- Special lengths and widths available (consult factory)

Merco Thermal Shelves are manufactured from .090" aluminum specifically selected for even heat transfer. All units are heliarc welded for strength and rust-free long life. The insulated heat cable base combined with the infinitely adjustable heat control lets you "dial-in" precise warming for any requirement. Non-slip rubber feet protect counter tops (adjustable 4-inch NSF legs optional). A 6-foot cordset is provided for portability and easy hookup.

Merco Thermal Shelves are an efficient addition to any foodservice operation. They can also be combined with Merco Overhead Food Warmer to add gentle, yet thorough, top warming where desired.

Electrical Requirements

All models available in 120, 208 or 240 VAC, single phase.

Thermal Shelves
