

Pizza Dispensing Cabinets

Model No: PDC3-2123

***Hold cooked food longer
and keep it fresher -
from wrapping to serving!***

Standard Features

- Large Backlit Merchandiser
- Independent Controls For Each Level
- 2 or 3 Shelf Models Available

Description

The perfect choice for self-serve, Merco Pizza Dispensing Cabinets are specifically designed to hold and dispense boxed pizza products. The cabinets feature insulated heat cables on each level to hold pizza at peak flavor without continued cooking. Three spacious levels with a forward-slant design keep pizza boxes to the front, where a stop bar allows easy self-service access. Merco's Pizza Dispensing Cabinets utilize bright incandescent illumination, enhancing merchandising benefits and product appearance.

Electrical Requirements

All units are available in 120 volt only.

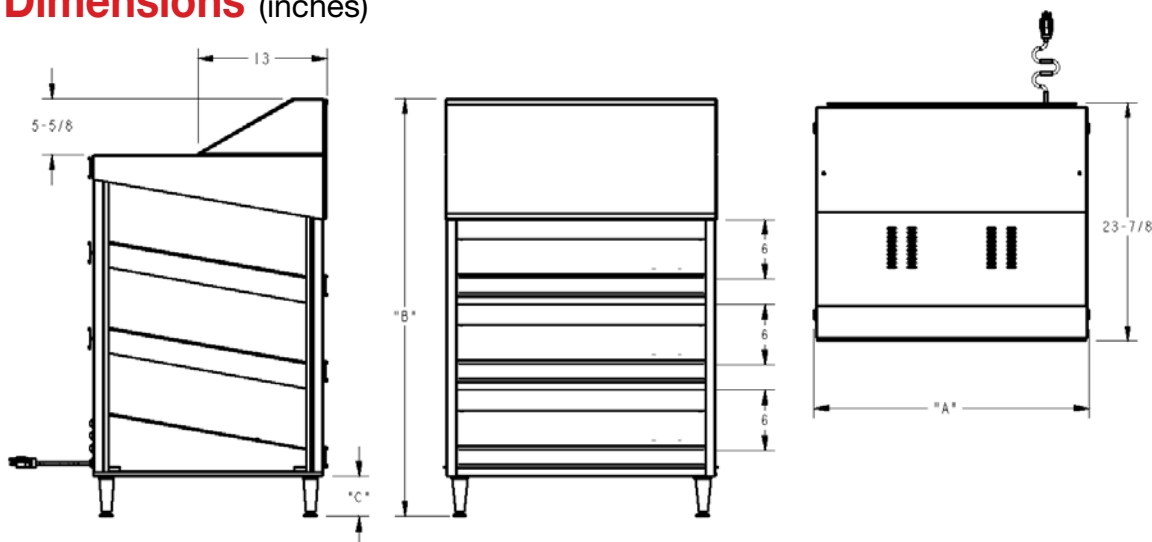

Model No. PDC3-2123
