

Description	See footnote for standard dimensions			
<b>P17(PE17) †</b> 47"(119.4cm)h, one 7"(17.8cm)h Bake deck		2 pan	42,000 BTU (7 kw)	570lbs (258.5kg)
<b>P27(PE27) †</b> 60.5"(153.7cm)h, two 7"(17.8cm)h Bake decks		4 pan	84,000 BTU (14 kw)	1140lbs (517kg)
<b>P37(PE37) †</b> 67.75"(172.1cm)h, three 7"(17.8cm)h Bake decks		6 pan	126,000 BTU (21 kw)	1710lbs (775.6kg)
<b>P112-27(PE112-27) †</b> 69"(175.3cm)h, two 7"(17.8cm)h Bake decks, one 12"(30.5cm)h Roast deck		6 pan*	126,000 BTU (21 kw)	1790lbs (812kg)

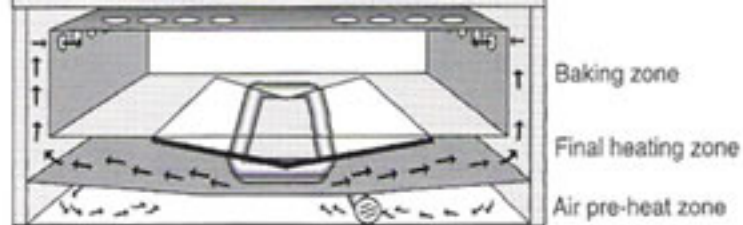

† All models have a standard 52"w x38"d(132.1cm x 96.5cm) body and a 42"w x32"d(106.7cm x 81.3cm) deck size.

\* Additional 2-pan capacity with optional center rack for 12"(30.5cm) Roast ovens.

\*\* Natural Gas or LP (208/220v, three phase optional)

## Durable Construction

The P 17 is built from the inside out with a durable inner casing constructed with a prime 12-gauge, hot-rolled base, 18-gauge sides and a 14-gauge frame.

## Infinite Switches (Electric model only)

Thermostat assures maximum desired temperature.

Indicator light

Infinite switches, used exclusively by Peerless, control top and bottom heat variable from high to low, providing the best heat distribution for all types of baking and roasting.

## Space Saver

Because the controls are under the door, the P 17 series requires *less installation space* than our competition. This frees up valuable kitchen and /or hood space.
